**Subject:** RE: TRI-MUNICIPAL MEETING - Doctor Recruitment

FRIDAY AUGUST 5 / 2022

OFFICE OF MPP STEVE CLARK  
GOOD AFTERNOON RENEE JACKSON

Thank you very much for keeping MPP CLARK aware of the TRI-MUNICIPAL COUNCIL MEETING held on Thursday July 28. We understand his busy schedule.

We know that Minister Clark shares our concerns about Doctor Recruitment which was one of the items on the Meeting agenda.

Thank you for providing a copy of the letter which MPP Clark sent to the Minister of Health following his meeting with the thirteen Mayors after the recent JSC Meeting. That letter was shared at the Tri-Municipal meeting so that all councillors would be aware of his support of our concerns.

Following below is a short summary of issues raised following the presentation by Dr. Mathew of the Prescott Family Health Team which we would like to share with your office as requested.

1/...ABSENCE OF A BLOOD TEST DRAW CENTER..It appears that Blood tests are now conducted by LIFE LABS at centers operated by their staff. The Prescott Family Health Team would like to have such a DRAW CENTER located in Prescott and believe they could find space to accommodate. How can we reach-out to Life Labs to request the establishment of such a center in Prescott?

2/..TRANSPORTATION to BLOOD TEST CENTER IN BROCKVILLE...issues around transportation of seniors and others with no car. Suggestion was made to donate a number of free bus passes on the RIVER ROUTE BUS SERVICE ..further discussion.

3/..ABSENCE OF BROCKVILLE HOSPITAL RESIDENCY PROGRAM for FAMILY MEDICINE....another identified need which could & would provide local training in Family Medicine bringing training closer to the area in which they might eventually practice. How can we work with BGH and other partners to achieve such a RESIDENCY PROGRAM? Further discussion. Who is best to champion and lead such an effort?

4/..TRI-MUNICIPAL BURSARY to be presented annually to local High School graduate proceeding to studies at a Medical School. Further discussion at local council level.

5/...ABSENCE OF ROBUST FINANCIAL RECRUITMENT PACKAGE also identified by Dr. Mathew. Further discussion at local councils. Who are our best collaborating partners to assist with financing? Who is best suited to lead/champion such an initiative?

Following the presentation by Dr. Mathew and a wide ranging Q & A session it was Moved By Mayor Todd

Seconded by Councillor Shankar: That the Tri-Council endorse the creation of a steering committee for physician recruitment efforts and to refer discussions back to each Municipal Council. ....CARRIED

In conclusion let me report that there was wide-spread support at the meeting for these suggestions and all will be further discussed at the local council level but as you can see there are a number of questions centered around leadership and direction.

Please pass this short summary to MPP CLARK.

Thank You
